PROFESSIONAL EXPERIENCE

Strategic Finance Lead

Turnkey Services Pro | Cincinnati, OH | Jan 2026 - Jun 2026

Promoted from Financial Associate within five months

- **Delivered equity valuations from a \$3.5M base case to a \$21M upside scenario** on private, illiquid operating companies carrying no observable market quote, engineering **DCF models** (12% WACC, 3% terminal growth), **EBITDA-multiple comparable analysis**, and market-transaction benchmarking.
- **Underwrote a \$6M+ multi-state acquisition pipeline** bottoms-up across **normalized EBITDA, IRR/MOIC** at multiple entry and exit points, purchase-price **sensitivity analysis**, and **deal structuring**; authored the **go/no-go investment memoranda** governing every capital deployment decision.
- **Cut operating expenses 6%** by identifying cost-savings and revenue-enhancement levers across portfolio operations, executed through cash-flow timing improvements and tightened subcontractor cost controls.
- Orchestrated long-range planning: a **multi-scenario rolling forecast** (base, upside, downside) refreshed weekly against actuals, plus monthly **budget-vs.-actual and prior-period variance analysis** with **root-cause attribution** across multiple legal entities.
- Authored **Reg D offering materials** covering investment thesis, return projections, **risk analysis**, and governance disclosures, supporting **LP capital raises** on a deal-by-deal **private equity** platform.
- Formulated **market-entry analysis** across the pipeline - **addressable market sizing**, competitive positioning, peer benchmarking, entry-cost modeling - and equipped leadership with monthly **FP&A packages** and **KPI dashboards** (revenue, **gross margin**, backlog, pipeline conversion, headcount).

Financial Associate

Turnkey Services Pro | Cincinnati, OH | Aug 2025 - Jan 2026

- **Improved executive decision-making efficiency 75% within the first month** (Managing Partner's assessment) by consolidating fragmented accounts, payroll, invoices, and material costs into a single reporting system.
- Engineered the company's first working financial models - **DCF, free cash flow, AR/AP, job costing** - converting raw bank statements and scattered invoices into **investor-ready valuation infrastructure** where no finance function previously existed.
- Produced the company's first **investment prospectus and capital-raise package** (valuation methodology, value drivers, growth thesis, projected returns), used to approach **external private investors**.
- Advised the Founder directly on strategic execution, translating financial analysis into **vendor negotiations**, expense management, and payroll decisions.

Wealth Management Intern

Cerity Partners | Cincinnati, OH | Jan 2025 - Mar 2025

National wealth management firm serving high-net-worth and institutional clients

- **Reduced daily reporting turnaround 30%** by restructuring how **portfolio activity, cash flows, and holdings** were extracted and formatted for senior advisors, driving adoption across **advisory, compliance, and technology** teams.
- Reconciled high-volume client transactions and fund movements across multiple portfolios under **U.S. GAAP and internal controls**, sustaining **audit-ready accuracy** in a verification-critical environment.
